FOR A CLINIC-TO-CLINIC WEBINAR

Low-Dose Aspirin (LDA) to Prevent Preeclampsia

CMQCC, in partnership with March of Dimes, select hospitals statewide, and community partners are collaborating to promote the use of daily low-dose aspirin for pregnant individuals at risk for preeclampsia.

You are invited to a webinar tailored for clinics to learn more about this LDA Pilot Campaign. Come learn about LDA, our campaign, and how we can support you!

Clinics have the experience, wisdom, and relationships to connect birthing people and families with this important information. **We hope you will join us.**

FEATURING

Dr. Sara Johnson,
MD FACOG

Dr. Sara Johnson is a preeclampsia survivor who took LDA and has been diligently working to prescribe LDA in her clinics. She is an Ob/Gyn who has worked at La Clinica de la Raza and Alta Bates Medical Center for the past 12 years.

Kandice Duns,
MSN, RNC-OB, C-EFM

Kandice Duns is a Nurse Manager in Maternal-Fetal Care & Genetics at the University of California, San Diego Health System where she is leading her team to implement the LDA initiative.
