

Doula Roundtable: Caring for California's Mamas & Birthing Folks

Wednesday
December 11, 2024

12:00 to 1:00 P.M.
Pacific Time

Virtual (Zoom)

This panel discussion will provide an understanding of how doulas can help create a safe and healthy space for women/pregnant people in California. From the specifics of doula training to a doula's potential impact—including teaching women/pregnant people about the risks of preeclampsia and related preterm birth and using low-dose aspirin preventively—the panel will give voice to the important role doulas have throughout pregnancy and birth journeys. *Webinar objectives can be found on the registration page.*
